## Headline News

### House OKs Bill Forcing ISPs to Log Users' Web History

"The House Judiciary Committee approved legislation on Thursday that would require Internet service providers (ISPs) to collect and retain records about Internet users' activity. CNET reported the bill would require ISPs to retain customers' names, addresses, phone numbers, credit card numbers, bank account numbers, and temporarily-assigned IP addresses for 12 months. ...This is not protecting children from Internet pornography. It's creating a database for everybody in this country for a lot of other purposes." – *Just so you know, make sure your children are aware that whatever they look at online can be recorded and made to look like everyone in the family is surfing illegal sites.* Jul 31 11, 02:07:39

### Stegobot Steals Passwords From Your Facebook Photos

"THINK twice before uploading your holiday pictures to Facebook, you could be helping someone to steal information from your computer. A botnet called Stegobot was created to show how easy it would be for a crook to hijack Facebook photos to create a secret communication channel that is very difficult to detect." – *Need more reasons to get off Facebook? ### Toxic Fumes Given Off by Rotting Plants Kill 31 Wild Boars

"British holiday makers have been warned to be on their guard against a thick blanket of slimy 'killer seaweed' suffocating the beaches of northern France. The alert comes after the carcasses of 31 wild boars were found on one beach on the Brittany coast. All are thought to have been killed by toxic gas as dangerous as cyanide released by the seaweed as it rots." – *Nature killing itself? Are some still scoffing? Probably. How bad is it getting out there? Visit <http://www.remnantofgod.org/strange.htm> to see the articles that have yet to be censored.* Jul 31 11, 02:07:05

### North Dakota Catholic Conference says 'Sunday Law' Benefits All People

"Courts upholding Sunday closing laws have recognized what the Forum does not," Dodson explained, noting that the laws "serve a secular, not religious purpose." He said that all people need periods of rest and free time for the sake of their families, social lives and religious activities." – *This is how they manipulate the masses into thinking religious laws aren't religious at all. That is up until the time they do demand Sunday Laws for religious reasons of course. For now, it's just a matter of conditioning the people into accepting such topics in politics. Notice the picture on the right of the article. That's Raymond Arroyo. The one that interviewed George W. Bush when he declared the Pope to be "God." Arroyo is the director of the Roman Catholic Television program "EWTN News." He actually broadcasts from the John Paul II cultural center in Washington D.C.* Jul 29 11, 01:07:00

### Bill Gates Vaccinates 131 Children at Gunpoint!

"Malawi Voice recently reported that about 131 children from Nsanje were vaccinated with anti-measles at gunpoint last week. They had fled from previous vaccine mandates into nearby towns, but after officials learned they had returned, medics along with police escorts tracked the children and forced them to vaccinate" – *This is what happens when you have all the money in the world and boredom strikes. When nothing is without your reach financially, you then seek power. Satan is using Bill Gates in a major way to make sure billions of children are poisoned by AMA drugs. Why? When speaking of Antichrist Revelation 18:23 says, "...for by thy sorceries were all nations deceived." Sorceries defined = Strong's # 5331 pharmakeia. That's where we get the modern term "PHARMACY" from. By the way, it's not just vaccinations either. We now have all sorts of additives in processed foods, fluoride in drinking water, chemtrails wafting who knows what, and of course the AMA doctors that prescribe every mind altering drug known to man. Not to mention the many drug companies with their very annoying TV commercials and SPAM. Revelation 18:23 has been fulfilled so bluntly, even the scoffer has to agree. As for Bill Gates saying the connection between autism and vaccines is a lie? It's amazing how many doctors have declared in medical journals, websites, magazines, TV and radio that there is a proven connection. But when Satan is in control, and lies are his main fruit, well... you know.* Jul 29 11, 12:00:59

### "Super Congress" Coming Soon?

"This "Super Congress," composed of members of both chambers and both parties, isn't mentioned anywhere in the Constitution, but would be granted extraordinary new powers. Under a plan put forth by Senate Minority Leader Mitch McConnell (R-Ky.) and his counterpart Majority Leader Harry Reid (D-Nev.), legislation to lift the debt ceiling would be accompanied by the creation of a 12-member panel made up of 12 lawmakers, six from each chamber and six from each party." – *Or as Rome called it, an Inquisitional panel. As we can see, Rome cannot get everyone in both parties to agree on much of anything without weeks of bickering. This is good because not everyone is totally blinded to such blatant evil desires. But if you can get a few men*

from either side to join as one “super congress,” then the possibilities are endless. Could it be this debt fiasco was purposely designed to bring about such a need as this? Yes, hindsight is always 20/20 isn't it? Jul 28 11, 12:36:07

Is Ireland Divorcing From the Catholic Church?

“The airwaves are full of bitter remarks supporting Taoiseach Enda Kenny's attack on the “disgraceful” Vatican, and recommending every anti-church measure from the dissolution of the monasteries to the expulsion of the Papal Nuncio and the severing of all links with the Holy See. ...There are now calls to remove the Catholic Church from every element of Irish public life, and this is supported by a growing secularist movement.” – *Why this never happened in America is because our society is more concerned with sitcoms, video games and celebrities. Still, even if Ireland does divorce themselves from the prophesied harlot, they will have to deal with her demands anyway. At least now one would think their's hope when it comes to the civil wars in Ireland between Catholics and Protestants. At least now, many of them see eye to eye.* Jul 28 11, 12:28:23

President of the Lie

“At this point, let's just say it: The president of the United States, Barack Obama, is a liar. I don't mean he lies once in a while. Or even that he lies fairly frequently in order to get his way. I mean that his presidency is one continual, ongoing lie.” – *In this age of lying, this is to be expected. However, as Satan moves people in positions of power to do his bidding more and more, due to his knowing his time is short, his characteristics will be clearly seen by those he controls. This is why the Vatican has been so easy to expose over the years by simply opening Bibles, and why Obama has become the most prolific liar in this nation's history. Satan's time to do his final act is very short now. When speaking of Satan, Jesus said, “He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it.” (John 8:44) This is why those in power that are ruled by Satan, and lie like he does. It can't be said any plainer.* Jul 28 11, 12:28:23

Now for the News... It's Bad, Really Bad, and Getting Worse

“Revolutions, earthquakes, financial meltdowns, political scandals, famines and killings, the shattering headlines just keep coming this year. How can we find time to make sense of the information overload, asks Zoe Williams. They always say too much disaster has the effect of inoculating the audience, so that we don't care. But there is a level above that, of so many disasters that you go beyond the inoculation effect, into the Armageddon effect.” – *Truth is, I have so many articles piling up about all the problems out there that I rarely have room to post them. That being the case, let me ask you this. If you were approached 50 years ago and were given a Newspaper with today's headlines in it, what would you think? It would be a real shocker wouldn't it? But because we have been slowly conditioned day by day, week after week and month after month that this is life. Not many people notice how bad it's really gotten out there. However, there are three types that do notice. News reporters. Government officials, and preachers that preach present truth. Problem is... the government forces the News reporters to cover it all up. So that means the only ones speaking out about all this are the preachers. And we all know how society has been conditioned to ignore them lately eh? Satan is most assuredly packing them in like sardines!* Jul 27 11, 14:29:57

Pastors: Homosexuality Not a Sin

“A group of Omaha pastors has issued a proclamation that states homosexuality is not a sin. More than 100 ordained Christian ministers have signed the proclamation, including leaders from Lutheran, Episcopalian, United Church of Christ, United Methodist, and Presbyterian churches.” – *What most aren't aware of, and this article does reveal is that the government funded pastors know 70% of the people disagree with them on this. Yet like their political cohorts, they don't care what the people think. But why do they do this you ask? It's because Rome knows the Remnant people will never embrace such sins let alone condone them. Therefore, we will be singled out and made obvious to all those joining with Rome in their homosexual agenda just as prophecy said they would. As prophecy also predicted, the final events are moving very swiftly. Have you made your decision to walk with the Lord yet?* Jul 27 11, 14:29:57

Germany Lends Libyan Rebels \$144 Million Jul 26 11, 12:37:24

“Germany announced Sunday it has agreed to lend 100 million euros (\$144 million) to the rebels in Libya for “civilian and humanitarian purposes” despite staying out of NATO's bombing campaign against Libyan government forces.” – *Why is Germany openly supporting the rebels here? For the same reason they were the first to draft Sunday Laws after the EU constitution was ratified. The pope, who is controlled by the spirit of Antichrist not only wants Sunday Laws, he wants every nation on earth to bow in worship of the Pope so as to bring about global Sunday Laws. Still don't see the connection? Joseph Ratzinger, AKA Pope Benedict the 16th was born and raised in Germany. So of course, Germany will do all it can to please their Pope just as Poland did with John Paul II. As prophecy dictates, Antichrist will have control over all nations on earth so as to enforce her mark upon all that refuse God's present truth as preached by His remnant during the Loud Cry. Getting Ghaddafi to fall so as to bring about a Roman Constitution in Libya is a prophetic necessity.*

Underground Church Pastor Sent to China Labor Camp

“An underground Protestant leader has been sentenced to two years in a labor camp as China cracks down on unapproved churches that are getting bolder in confronting government religious policy, a U.S.-based monitoring group said Tuesday.” – *As we befriend China and its Communist methods, which by the way are wholly sanctioned by the present Pope, we will soon find all churches in the USA “without government approval” to be deemed illegal.* Jul 26 11, 12:37:24

Documents Reveal Pius XII Saved 11,000 Roman Jews

“The direct action of Pope Pius XII saved the lives of more than 11,000 Jews in Rome during the Second World War, according to documentation recently discovered by historians.” – *In this age of lying, one can expect such strange things being spoken. It's not like the Vatican was ever caught lying before. The molestation scandal alone proved that. Still, even if they did “save” those Jews. Could it be they did so to have an ace up their sleeve for today's NWO plans? Rome has done much evil in the past while hiding behind “small” acts of kindness to hide their true agenda. The fact they have a black pope confirms this as fact as well. We actually have documented proof Hitler and this pope worked together to kill 6,000,000 Jews. We also have many court records to prove they were involved in the concentration camps as well. That being the case, saving 11,000 Jews, if in fact it's true, looks to be a ploy to tip the scales in their favor. The fact they saved “Roman” Jews alone speaks volumes on this.* Jul 25 11, 13:14:26

Terrorist Proclaimed Himself 'Darwinian,' Not 'Christian' Jul 25 11, 13:33:10

"Piecing together Breivik's various posts on the Internet, many media reports have characterized the terrorist, who says he was upset over the multiculturalist policies stemming from Norway's Labour Party, as a "right-wing, Christian fundamentalist." ...Breivik instead hails Charles Darwin, whose evolutionary theories stand in contrast to the claims of the Bible." – *In other words, the global media, has been caught lying so as to make Christians look bad. Again. Can you see an organized attack on the people of God building? I know I can.*

Obama Endorses Homosexual Marriage on Federal Level!

"President Obama has warmly endorsed new legislation to establish national recognition of homosexual "marriage," which lawmakers considered in a Senate committee hearing yesterday." – *And still, some think Christian prophecy is not worth looking in to? This nation's sins are most certainly piling up and reaching Heaven very quickly. Soon the last straw will be placed, and the plagues will fall.* Jul 24 11

Priest Sells \$750 "Catholic Nuptial Mass" for Homosexuals

"A Catholic priest suspended from his California post for supporting gay "marriage" is now selling "Catholic Nuptial Masses" to both heterosexual and homosexual couples." – *Notice he is not defrocked by the Vatican for doing this. He is only suspended so as to allow the Vatican to play the moral card while one of their own help desecrate that which was instituted by the God of creation in Eden.* Jul 24 11

Christians Facing 'Deletion' on Nineveh Plain

"Assyrian Christians are fighting to save their culture, their people group, their faith and their lives on the Nineveh Plain in Iraq, and an Assyrian-born filmmaker has produced a documentary about his people's fight for life." – *Notice now that since Iraq has been conquered by the "Christian" government of America, Christians in Iraq are in far more danger than ever before. Coincidence? No, prophetic fulfillment.* Jul 24 11, 11:01:55

Campus Crusade for Christ Dumps "Christ"

"After 60 years, officials announced Tuesday night that the international evangelical ministry is changing its name to "Cru." We believe this new name will position us to connect better with the next generation." – *As we know, the name of Christ is becoming a major problem in today's society. Most embracing it are seeing their profit margin shrink. So many have opted to remove it to appear politically correct. This is an unwise position because Jesus clearly said in Mark 8:38, "Whosoever therefore shall be ashamed of me and of my words in this adulterous and sinful generation; of him also shall the Son of man be ashamed, when he cometh in the glory of his Father with the holy angels."* Jul 22 11, 11:23:05

Bible Changes Jesus 'Son of Man' to 'The Human One'

*Back in 1229AD the Vatican put the Bible on the index of forbidden books. If you were caught with a Bible you would be tortured and or killed unless you gave it up to be burned. Rome knew if the people studied that book it would expose them as Antichrist. As history proved, that method made it even more difficult for Rome to hide their true colors. Therefore, today, as expected, they have been re-writing Bibles to prevent people from discovering who is really behind the power of the Roman Catholic Vatican.* Jul 22 11, 11:23:05

Vatican Official Putting Pressure on Sunday Keeping

"Sunday should be a day for worship, ...the first day of the week on which we remember the resurrection of Jesus Christ." – *Prophecy said they would lie to deceive people into keeping Sunday holy. Biblically speaking, Sunday was never a doctrine to be celebrated as a way to acknowledge His resurrection at all. The Bible clearly says Baptism acknowledges His death and resurrection. See Romans 6:3-5 and you will see the Vatican just declared a bold faced lie where any babe in Christ with a competent knowledge of the Word can refute. But then prophecy also said this is to be expected of those that worship the father of lies.* Jul 20 11, 12:33:02

State's 1st 'Gay' Supreme Court Justice Defies Ethics Code

"Massachusetts Supreme Judicial Court Justice Barbara Lenk, widely heralded as the first openly "gay" judge on the state's top court, spoke at a homosexual advocacy group's fundraiser only two days after her confirmation, a move some critics are saying is a clear violation of judicial ethics." – *As I said years ago in my February 2004 Truth Provided Newsletter, the Vatican needs to make homosexuality "the norm" in legislative halls if they're ever going to help the "North American man/boy love association's" (NAMBLA) agenda that seeks to legalize such decadence. If they fail they can at the very least lower the dollar amounts on their thousands of molestation lawsuits. So now, in Massachusetts, the literal hub of the child molestation scandal here in America, we see we now have a homosexual Supreme Court Judge on the bench. Amazing how accurate Christian prophecy is eh?* Jul 20 11, 12:33:02

Only Germany Can Save EMU

"We are heading towards fiscal union or break-up," said David Bloom, currency chief at HSBC. "Talk is no longer enough as the fire threatens to leap over the firebreak into Spain and Italy." – *This will be interesting to watch. As we know, the current pope is from Germany, and as we also know it was his command that brought Sunday laws "on paper" into affect not 24 hours after the ink was dry on their new EU constitution. The pope is once again sitting in the driver seat, so again, it will be interesting to see what happens on Thursday. Especially after it was discovered just 7 months ago that the Vatican has been funding top politicians all along.* Jul 20 11, 12:33:01

Rugby Players Declare Sunday Sacred

"It's very hard to be a professional rugby player nowadays and have an issue with playing on Sundays. Unless you are at the pinnacle of the game, there is going to be someone else that will be chosen ahead of you, so people have had to lay those sorts of things aside. "We are a very religious side. We had our prayers before the game, a half-hour church service. And then after the game we prayed, we're still very mindful of giving that respect for Sunday." – *As we get closer to the end, more and more mention of the Vatican's Sunday sabbath will be placed in the limelight so as to assure the majority on earth won't have an issue with it when Antichrist in Rome demands it's to be kept globally to avert the disasters we see growing in number already.* Jul 18 11, 11:41:47

Quakes Causes a River to Disappear

"Apparently in the moments following the earthquake, a community stood watch as their river disappeared in to the Earth. ...The affected citizens were interviewed and expressed concern for the loss of this substantial water supply to the area. Not only will this affect humans but also the livestock raised in the area." – *Not to mention all the marine life in that river are either dead, or destined to a shortened life*

Does Google Spy for NSA? Judge Says You Can’t Know

FYI: “A federal judge has ordered that whether Google is spying for National Security Agency or not, you have no right to know.” – *Ok then... don’t use Google. It’s just that easy. Many are unaware of this, but Google isn’t the only search engine out there. There’s Yahoo.com... Altavista.com... ask.com... and my favorite, Yippy.com. These are just a few that are out there. Google may be the biggest yes, but they’re certainly not the only one. And since they have already agreed to give the government all your personal info free of charge whenever they ask, why use them?* Jul 18 11, 11:51:01

Michele Bachmann Officially Leaves Her Church

“Republican presidential candidate Michele Bachmann has long been a darling of conservative evangelicals, but shortly before announcing her White House bid, she officially quit a church she’d belonged to for years. ...We identify the Antichrist as the Papacy,” the denomination’s website says. “This is an historical judgment based on Scripture.” – *So there you have it. This is why she left her church of more than ten years. As we know, every politician out there knows that the Vatican is the ultimate career booster as long as you do as they ask. But if you’re seeking an office as globally popular as the presidency, you cannot in any way be associated with those that expose the Pope as Antichrist. So rather than do the right thing and step out of the race, Michele Bachmann chose to step out of her church instead. This act proves politicians are very aware as to their duty to please the Pope. That being the case, can anyone still assume American politics are not controlled by Antichrist?* Jul 17 11, 12:52:45

SEC Not Looking To Play Games on Sunday

“With the NFL lockout back on indefinitely and the beginning of the regular season in doubt, more attention than ever is being paid to the possibility of college football being played on Sundays. Pac-12 commissioner Larry Scott says his conference is “monitoring the situation” when asked about the possibility of subbing in for the NFL.” – *Antichrist is getting all his ducks in a row so as to make the final transition an easy one. If you study prophecy, you have to be excited about all this. If you don’t, you soon will be studying everything you can at a frantic pace so as to try and be ready for Christ’s return. Hopefully, you start to study sooner rather than later.* Jul 15 11, 12:15:26

State Department Says Christian Pastor Told to Recant or Die

“The U.S. State Department has issued a statement condemning the “hypocrisy” of Iran, which while publicly proclaiming its tolerance for human rights, in practice has condemned to death a Christian pastor because of his faith.” – *This is exactly like it was during the Inquisitions of the Roman Catholic church. What amazes me here is; people look at Muslims and think they’re evil for doing this, and rightly so. But they look at the Popes and call them “Holy Father?” That title, “Holy Father,” is a blasphemous title, which also proves the only reason they see Muslims as evil and the Popes as holy is because they simply don’t read Bibles.* Jul 15 11, 12:15:26

Homosexuals, Atheists Oppose Rights for Christians Jul 15 11, 12:24:22

“Homosexuals and atheists in the United Kingdom are raising objections to plans by their own government’s Equality and Human Rights Commission to defend Christians who have faced discrimination because of their faith.” – *No matter... it will all be over soon enough.*

Beef Tainted by Radiation Raises Safety Concerns in Japan

“Beef contaminated by radiation from Fukushima prefecture has been eaten by consumers in Japan, intensifying food-safety concerns and stoking criticism against a government testing program that checks only selected products.” – *Just like in the USA, officials found out it’s best to lie to try and keep the problem out of the public eye. But also like in the USA, the truth eventually comes out. In any event, prophecy said long ago that disease will run rampant in the days of the end, and so it will. By the way, this is one more reason to become a Vegan. After all, did not Israel change their diet before entering the promised land? Seeing how we are so close to New Jerusalem what makes us feel we needn’t prepare too?* Jul 14 11, 13:47:53

Church Services Need to Be Shorter, Says Bishop

“The Rt Rev Jonathan Gledhill, the Bishop of Lichfield, said worship has become too complicated and time-consuming, leaving people who are not regular churchgoers feeling confused and excluded.” – *When you don’t love Christ, worship is going to become a chore you simply don’t want to do. After all, “the natural man receiveth not the things of the Spirit of God: for they are foolishness unto him: neither can he know them, because they are spiritually discerned.” -1 Corinthians 2:14* Jul 12 11, 12:07:57

Philippine Church Apologizes for Donation Scandal Jul 11 11, 14:35:34

“Roman Catholic Church leaders in the Philippines apologized to their followers Monday for a scandal involving allegedly illegal donations to bishops. The government’s lotto operator is accused of making donations from the government’s charity funds in exchange for political favors from bishops friendly to ex-President Gloria Macapagal Arroyo.” – *What most will miss is this, their apology will be accepted and they will not be prosecuted for this crime because Rome has that much control now. Her wound is healing quite nicely. Still, anti-Christian acts like this make our job very easy when evangelizing Roman Catholics. Revelation 18:1-5 is truly a prophetic event for our time.*

Thousands Back Tulsa Officer Ordered to Muslim Worship Jul 11 11, 14:35:34

“Tens of thousands of Americans are lining up in support of a police officer in Tulsa, Okla., who was punished for refusing his department’s order to attend an “Islamic proselytizing event” even as a legal team representing the captain is petitioning the court to add new allegations of misbehavior by his superiors to a lawsuit over the dispute.” – *If it wasn’t for the Vatican assuring a Muslim president was placed in the Oval office, none of these demands would be placed on our local officials today by their “superiors” who are employed by the very people Rome has under their thumb in Washington D.C. One can only imagine how bad this will get in the coming days. But then, prophecy does say it will get rough. Still, not to worry. Read 1 Corinthians 10:13. UPDATE!: A brother in Christ who lives in Tulsa just emailed to inform me that his local Newspapers said absolutely nothing about this happening in Tulsa. I must say I’m not the least bit surprised.*

“Presbyterians who support gay rights are prepping sanctuaries this Sunday (July 10) to celebrate the passage of a new church policy

that allows gay pastors to serve openly for the first time in the denomination's history." – *Why are homosexuals moving into all sorts of high positions in the church as well as politics? Read Luke 17:26-30 Christian prophecy is that amazing!* Jul 10 11, 11:15:36

Fiji "Set Up" For Sunday Laws Since 1989

"This Decree maybe cited as the Sunday Observance Decree, 1989. ...Notwithstanding the provisions of any other law, each Sunday shall be observed in Fiji in accordance with the provisions of this Decree. 4. Subject to the provisions of this Decree, no person shall on any Sunday- (a) engage for reward or profit in any trade, business, commercial activity, employment, occupation, profession or work; (b) organise, participate in or attend any entertainment in any public place, any place of public entertainment or any sporting facility; or (c) convene, organise or take part in any assembly or procession in any public place." – *In the USA we have had blue laws in place since 1960 under the pen of Roman Catholic president, John F. Kennedy. Still, in Fiji they are already set up to bow to Rome and her mark exactly as prophecy said all the world will do. That being said, what say ye now mr and mrs scoffer?* Jul 08 11, 13:13:21

Miracle Claimed for WWII-Era Pope

"Esposito survived, cured after a single, six-week cycle of chemotherapy, a recovery that, she says, stunned her doctors and convinced her that the World War II-era pope had intervened with God to save her." – *First of all, according to the Bible, praying to a dead human only awakens demons to respond to the prayer, and secondly, Pope Pius XII, or "Hitler's Pope" as he is more infamously known is no miracle worker. The fruits of God's people are not found anywhere near this man, his ministry, his doctrines, or his church prove this hands down. But Rome needs positive P.R. on this man so as to make the church look holy enough to stand as their world's "global moral authority" as they claimed to be recently. They need this "appearance" in the coming days when they claim the only way to stop the calamities is by keeping Sunday holy!* Jul 08 11, 13:13:20

Mexico and U.S. Sign Landmark Trucking Agreement

"NAFTA, signed in 1994, had called for Mexican trucks to have unrestricted access to highways in border states by 1995 and full access to all U.S. highways by January 2000. Canadian trucks have no limits on where they can go. But until now, Mexican trucks have seldom been allowed farther than a buffer zone on the U.S. side of the border." – *Reason being is, Mexican truckers don't follow the safety rules. Will they do so now? Time will tell. Still, the reason I post this article is to show, as prophesied, American sovereignty is a thing of the past. Both Canadian and Mexican borders are wide open, and as I reported back in my June 2006 Truth Provided Newsletter, the USA is now primed and ready to be "kingdom #1" so as to help Rome form her ten global kingdoms on earth.* Jul 08 11, 13:13:19

Vatican Opens Archives For Unprecedented Exhibit

"The Vatican will display 100 select documents from its Secret Archives at an unprecedented exhibit next year that includes previously unpublished papers from its World War II papacy." – *Tens of thousands of documents and they release only 100? It's bad enough they have such documents on file to begin with. But what's really telling is they actually admit they have SECRET documents, and no one seems to notice how this is a bad thing. This is supposed to be a church that is supposed to be above board, yet they have secret files!? World War II happened decades ago, yet they still hold most of these documents in secret? Truth is, we will never hear of the Vatican releasing all the documents because in so doing it would reveal to all the world they are indeed the prophesied home to Antichrist. If this was truly a church of Christ they would have no need to make anything secret. It's really just that simple. After all, did not Jesus release all the facts concerning His Truth in a pile of 66 books we call the Bible?* Jul 07 11, 12:59:46

Gov't to Consider Adding Sunday as Day of Rest

"Prime Minister Benjamin Netanyahu on Monday tasked the Head of the National Economic Council, Professor Eugene Kandel, with examining the possibility of making Sunday an additional day of rest instead of a regular work day." – *We already know there are dozens of SDA churches keeping Sunday holy. But many of us have been wondering how the Jews were going to fall in line with Rome on this since they are not the first, but they are the oldest known race of Sabbath keepers on earth. As we saw how Rome used the "work day" issue in Europe as a pivoting point, we now see this may work in Israel as well. So, for all those that still claim Sunday Laws are a bogus prophecy. What say ye now?* Jul 06 11, 11:44:51

'God the Father' Banished By Mainline Denomination

"The United Church of Christ, the denomination whose Chicago pastor Jeremiah Wright blasted the United States and white people for years from the pulpit while Barack Obama sat in his pews, has decided to banish God "the Father" from its organizational documents." – *In other words, this false teacher is the mentor of our false president. Kinda makes things a bit clearer now eh?* Jul 06 11, 11:44:51

#### Peachy Kream

- 1 cup peaches, pitted & diced
- 1 cup Brazil nuts
- 1/2 cup pitted dats
- 1/2 vanilla bean
- 2 cups water

**DE-SEEDING A VANILLA BEAN:**  
Slice vanilla bean lengthwise in half with a sharp knife. Use a spoon to scrape the seeds out from the inside of the bean.

FYI: Sister White has provided us cooking suggestions to keep in mind when preparing our famliy's meals:  
*"Condiments are injurious in their nature. Mustard, pepper, spices, pickles, and other things of a like character, irritate the stomach and make the blood feverish and impure. The inflamed condition of the drunkard's stomach is often pictured as illustrating the effect of alcoholic liquors. A similarly inflamed condition is produced by the use of irritating condiments. Soon ordinary food does not satisfy the appetite. The system feels a want, a craving, for something more stimulating." {CD 339.3}*
